I am a competent diagnostic radiographer and medical physicist versed in undertaking quality radiographic images for accurate diagnosis and patient care with credible experience in radiation protection, quality control and a high regard for patient confidentiality. Seeking to present my strong work ethic and exceptional commitment levels, in both team-based and independent capacities, towards an enviable setting in the health care sector.

KEY MODALITY COMPETENCE

- ❖ **Computed Tomography (CT)**
- ❖ **Conventional Radiography (X-ray)**
- ❖ **Mobile X-ray equipment**
- ❖ **Magnetic Resonance Imaging (MRI)**

EDUCATION

SEPTEMBER 2023-SEPTEMBER 2024

MSC MEDICAL PHYSICS, UNIVERSITY OF SURREY, UK

SEPTEMBER 2017-OCTOBER 2021

BSC DIAGNOSTIC RADIOGRAPHY, UNIVERSITY OF GHANA

OCTOBER 2014-MAY 2017

GENERAL SCIENCE, WINNEBA SECONDARY SCHOOL

CLINICAL AND WORK EXPERIENCE

MARCH 2023 - AUGUST 2023

PRINCIPAL DIAGNOSTIC RADIOGRAPHER, MADINA PENTECOST HOSPITAL, ACCRA, GHANA.

- ❖ I performed radiographic examinations on patients to aid in diagnosis of complex pathologies while adhering to departmental protocols and procedures.
- ❖ I assumed full responsibility for patients and ensured that procedures were justified before the patient was examined.

- ❖ I liaised with a multidisciplinary medical team to ensure the best and quality services were provided for the patient
- ❖ I always provided quality images with high diagnostic value, even in overwhelming environments, ensuring to factor patient condition into the diagnostic plan
- ❖ I employed good hand-eye coordination in the positioning of patients and adapted to positional adjustments to ensure the utmost comfort for the patient while performing the examination.
- ❖ I advocated for radiation protection during procedures, using shielding when necessary, adhering to departmental AEC protocols and prioritising the use of doses that conform to the as low as reasonably practicable principle.
- ❖ I communicated procedures to patients effectively and ensured the patient was comfortable and consented before the procedures were done.
- ❖ I utilised the picture archiving and communication system for image post processing and data sharing with the referring physician and the consultant radiologist, ensuring high encryption to prevent data leakage.
- ❖ I advocated for patient confidentiality and privacy.
- ❖ I performed quality control tests and safety checks on X-ray machines to ensure there were no malfunctions and that they were in good condition for use.

SEPTEMBER 2021 – AUGUST 2022

DIAGNOSTIC RADIOGRAPHER, KORLE-BU TEACHING HOSPITAL, GHANA

- ❖ I used complex imaging equipment (X-ray, CT, MRI, mobile x-ray machine) to perform radiographic examinations on patients to aid in diagnosis of complex pathologies while adhering to departmental protocols and procedures.
- ❖ I undertook full comprehensive assessment and diagnosis of wide range of highly complex conditions.
- ❖ I demonstrated good judgment in accident and emergency cases which led to accurate and timely diagnosis of patients.
- ❖ I understood and implemented radiographic techniques towards the acquisition of quality images for diagnosis and treatment planning.
- ❖ I performed quality control and performance testing of radiographic equipment which ensured production of radiographic images with optimum quality.
- ❖ I adequately explained procedures to patients which ensured full cooperation and helped relieve them of procedural anxiety.
- ❖ I determined the best and optimal radiation for the best image quality while keeping the dose as low as reasonably practicable.

JUNE 2019 – AUGUST 2019

DIAGNOSTIC RADIOGRAPHER (INTERN), ACCRA RIDGE HOSPITAL

- ❖ Assisted in performing quality control and assurance protocols to ensure the radiation area is safe for both radiographer and patient.
- ❖ Excellently prepared the room for conventional imaging procedures in accordance with infection control and patient safety
- ❖ Shadowed and participated in patient positioning for complex imaging procedures.

SKILLS

- Efficient and committed team player
- Good Communicator
- Critical thinker
- Proven problem solver
- Knowledgeable in Microsoft Office tools
- Knowledgeable in PACS

LEADERSHIP AND EXTRA-CURRICULAR ACTIVITIES

- ❖ **Electoral Commissioner, University of Ghana School of Biomedical and Allied Health Sciences (UG SBAHS), Junior Common Room (JCR)**
January 2021 to December 2021
 - Organized and ensured free and fair election and smooth handing over of JCR executives.
 - Oversaw smooth electoral proceedings to elect all department executives within the association.
 - Successfully contained and managed the electoral turbulence that erupted as a result of a Covid-19 pandemic led disruption of normal electoral proceedings during my tenure as Electoral Commissioner

- ❖ **Team Recorder, World Smart Stem Challenge (Winneba Secondary School)**
September 2016 to March 2017
 - Accurately documented the progress the team made in building a water purifier prototype.
 - Researched and recorded the number of materials required for the prototype.
 - Accurately kept a log on the prototype trials and recorded its weaknesses and strengths.
